

Sailing Vessel **AFTERGLOW**

YOUR DREAM BOAT AWAITS.

Afterglow is a beautifully maintained 2001 Hunter 460 that has served as our full-time home while cruising throughout the Caribbean. She has been continuously upgraded with long-term cruising in mind and is ready for her next adventure, whether that's coastal cruising, offshore passages, or comfortable liveaboard life. Her spacious three cabin layout, comfortable cockpit, bright interior, and impressive storage make her one of the most desirable cruising sailboats in her class.

Why We Love Afterglow

Afterglow has been far more than a boat to us, she has been our home while exploring the Caribbean. She's comfortable at anchor, capable offshore, and spacious enough for full-time living.

Her large three cabin layout provides an incredible amount of living space rarely found on boats this size, while the extensive solar and electrical upgrades allow for extended time off-grid.

Whether you're looking for a liveaboard, a bluewater cruiser, or the perfect retirement sailing yacht, Afterglow is ready for her next owners.
